

Financial Information

SMIC Investor Relations

November 2011

a a

(Under the Private Securities Litigation Reform Act of 1995)

This presentation contains, in addition to historical information, “forward-looking statements” within the meaning of the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on SMIC’s current assumptions, expectations and projections about future events. SMIC uses words like “believe,” “anticipate,” “intend,” “estimate,” “expect,” “project” and similar expressions to identify forward-looking statements, although not all forward-looking statements contain these words. These forward-looking statements are necessarily estimates reflecting the best judgment of SMIC’s senior management and involve significant risks, both known and unknown, uncertainties and other factors that may cause SMIC’s actual performance, financial condition or results of operations to be materially different from those suggested by the forward-looking statements including, among others, risks associated with cyclical and market conditions in the semiconductor industry, the downturn in the global economy and the impact on China’s economy, intense competition, timely wafer acceptance by SMIC’s customers, timely introduction of new technologies, SMIC’s ability to capture growth opportunities in China, SMIC’s ability to strengthen its product portfolio, supply and demand for semiconductor foundry services, industry overcapacity, shortages in equipment, components and raw materials, orders or judgments from pending litigation, availability of manufacturing capacity and financial stability in end markets.

Investors should consider the information contained in SMIC’s filings with the U.S. Securities and Exchange Commission (SEC), including its annual report on 20-F filed with the SEC on June 28, 2011, especially in the “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections, and such other documents that SMIC may file with the SEC or SEHK from time to time, including on Form 6-K. Other unknown or unpredictable factors also could have material adverse effects on SMIC’s future results, performance or achievements. In light of these risks, uncertainties, assumptions and factors, the forward-looking events discussed in this press release may not occur. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date stated, or if no date is stated, as of the date of this press release. Except as required by law, SMIC undertakes no obligation and does not intend to update any forward-looking statement, whether as a result of new information, future events or otherwise.

Capacity Utilization

Capacity	86,000	86,000	90,000	90,000	90,000
Capacity	22,500	23,300	27,800	29,129	29,129
Capacity	33,000	33,300	33,200	34,250	37,750
Capacity (8-inch equivalent wafers)					
Capacity (1)	516,792	517,404	471,231	451,552	406,715
Capacity (2)	101.2%	92.1%	76.3%	73.3%	61.0%

(1) Including copper interconnects and shipment of managed fabs

Effective 3Q 2011, capacity utilization rate is reported based on actual equipment usage in manufacturing process. Utilization rate for previous quarters have been updated accordingly for comparison purpose. In prior quarters utilization had been reported based on total wafer out divided by estimated capacity.

SMIC

Semiconductor Manufacturing International Corporation

A n

The image features a central graphic design with a white background. On the left, there is a collage of images: a factory building with flags, a person in a cleanroom, and a person at a control panel. To the right of these images is the SMIC logo, which consists of the letters 'SMIC' in a bold, blue, sans-serif font, with a stylized orange and blue swoosh to its right. Below the logo, the full name 'Semiconductor Manufacturing International Corporation' is written in a smaller, blue, sans-serif font. The bottom portion of the graphic is a large, solid pink rectangle. The letters 'A' and 'n' are placed on this pink background, with 'A' on the left and 'n' on the right, both in a large, black, sans-serif font. The entire graphic is surrounded by various colored shapes (orange, blue, red, grey, green) and thin black lines, creating a modern, industrial aesthetic.
